

25X1

1. Re the [redacted] item: I called Ginny who referred me to
25X1 [redacted] in OSI. Ginny said she would have the contract.
[redacted] said there is no real contract as yet but that
the people are working there, etc. She said she has a Zeroxed
copy (a book) of the thing they are working from if we wish to
see that. I told her I would check with you and give her a call.
25X1 Perhaps you would want to talk to [redacted] again.
